

STEM CONTRACTING

About Us.

In addition to our excellence in integrated construction, STEM-Contracting is a leading provider of electrical and instrumentation services, and specialize in providing a wide range of materials and top-tier explosion proof materials, delivering high-quality solutions tailored to meet industry needs. Our team of experienced engineers and technicians is dedicated to ensuring the highest standards of safety, reliability, and efficiency in all our projects.

Mission & Vision.

MISSION

- To deliver exceptional inspection, evaluation, maintenance, and repair services for electrical systems and equipment, ensuring optimal performance, safety, and reliability for our clients. We are committed to providing innovative solutions, technical expertise, and sustainable practices to meet the evolving needs of the energy and industrial sectors

VISION

- To be a global leader in electrical and renewable energy services, recognized for our unwavering commitment to quality, safety, and environmental sustainability. We aim to empower industries with cutting-edge solutions, driving efficiency, cost-effectiveness, and a greener future through advanced technology and expert consulting.

Our Core Value

- Trust and Professionalism: We conduct ourselves professionally, with respect and integrity, building partnership with our clients.
- Passion for Perfection: Always Innovative striving to find better ways utilizing the latest technologies, expertise, and best experience skills to deliver the highest quality and the best in class services.
- Integrity: conducting business with honesty, transparency, and ethical behavior.
- Quality: delivering high-quality services and products that meet or exceed customer expectations.
- Safety: ensuring a safe and healthy work environment for employees, customers, and the public.
- Sustainability: promoting environmentally responsible practices and contributing to the long-term well-being of the communities where the company operates .
- Customer satisfaction: prioritizing customer needs and delivering personalized solutions that meet their requirements.
- Teamwork: fostering a collaborative and respectful workplace where employees can thrive and contribute to the company's success

Our Services

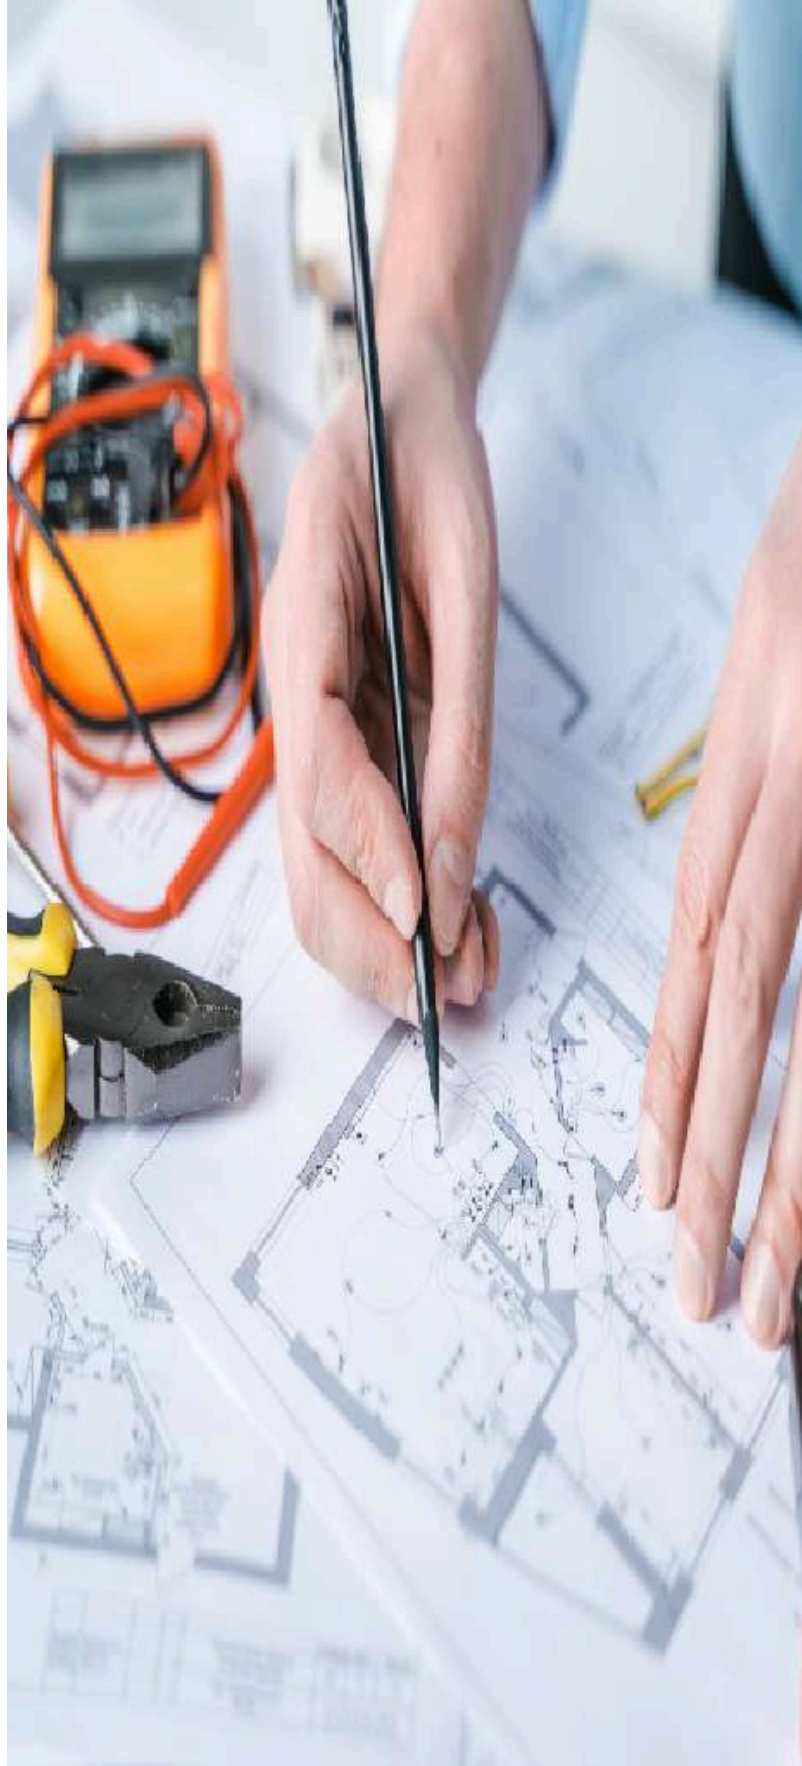

- Inspection & Evaluation Services include general site inspections, technical evaluation reports, and troubleshooting with defect repairs.
- Maintenance & Repair Services cover planning, corrective, routine, and predictive maintenance activities.
- Medium Voltage (MV) & Low Voltage (LV) Equipment Services involve routine and major inspections for switchgear, transformers, Motors, distribution boards, and bus ducts.
- Installation, Commissioning & Consulting Services provide supervision, technical support, and consultations for electrical installations and upgrades.
- Renewable Energy feasibility studies for solar panel & Wind Turbines installations and supply .
- Hazardous Area Inspection & Compliance ensures initial and routine EX-inspections for hazardous area installations by Certified EX Inspectors
- supply of high-quality electrical components, instrumentation, and automation spare parts, cables ,motors & Explosion proof components catering to the diverse needs of industries requiring reliable and efficient solutions
